

My name is Pastor David Adam. Sometimes it feels like I'm living "The secret life of Walter Mitty". In my U.S.A. life, I serve a rural church and have a big garden out back. I work a side gig at times to earn a little extra money.

The above picture is my BEAUTIFUL family: Delanee, Preston, Josiah, Silas and Mercy. They are gifts from God. I never want to forget how blessed I am. The greatest sacrifices are often made by those who stay home to hold down the fort, while I am traveling. #SozoBlessed

Dr. Samuel is the president of Zoe Bible College and Theological Seminary. Dr. Lawrence is the executive dean of Dayspring Theological University. Pastor Samuel is a prophet and pastor, whereas Pastor Lawrence is a missionary. Their ministries stretch throughout nations in the 10/40 window and beyond. I am blessed beyond words that God has brought these godly men into my life as Kingdom Connections and travel companions.

Will you be a pray-master and a paymaster?

By God's grace, this fall we will host a three day pastor's camp many of whom serve in persecuted areas.

I am also excited to introduce our "packed house meetings". These meetings are our new modus operandi. Meeting in homes allows more discrete ministry in persecuted and unreached areas. A host is chosen, and we pack their house with mostly non-believers from their own community. In eastern cultures, these house meetings generate a lot of excitement and easily end up having 30-50 people packed in. Most of them have NEVER heard the Good News before! Many accept Christ on the spot! After we pray for them; the host provides a meal for everyone and gives candy to the children. It is an AMAZING night of HOPE, only costing \$20-\$30 per house meeting.

Because the attendees are friends and neighbors of the host - new believers are instantly welcomed into the brand new faith community. When available, we seek to connect each community with an established national pastor. He will welcome this new community of believers into his own ministry for discipleship.

Donations are safe and ACCOUNTABLE. Financial statements are regularly reviewed by board members and other trusted leaders. Contributions may be made through the Ithaca Open PayPal account or by mailing a check.
