

INSTE Global Bible College

- Individual daily study using the INSTE book
- Weekly small group meetings led by certified leader

How it works:

The individual study forms a daily devotional habit in the student.

The small group is key because it brings together what the student learns through the daily study with his/her experience in dynamic reflection with other students and the group leader.

IGBC provides an affordable and excellent program through its curriculum, recognition, training and group leader support.

The local church provides the place for the group to meet and the certified leader.

For more information on times and cost per quarter contact Mary Wood at marchoice@hotmail.com
